

# CURRICULUM DESIGN IN PRIMARY SCHOOLS

Joel Kelly, Assistant Headteacher and Curriculum Leader, shares his method for rolling out a knowledge-based, sequenced curriculum that is rich in vocabulary and based in theory. He talks about how to structure staff to enable them to lead effectively whilst working in supportive teams. He sets forth the vision, timeline and toolkit that has aided him to achieve these goals, at pace, at The Blue School. These sessions always raise excellent conversations between Headteachers, SLT and school leaders, especially the discussions around adapting methods and strategies to suit our individual schools.

This session will take place on
