

## MEET THE EXPERT

The London West Alliance is pleased to invite you to an afternoon CPD facilitated by  
**Dr Eleanor Smith**

# CHALLENGING MORE ABLE STUDENTS IN KS3/4 SCIENCE

Share ideas about how to create a challenging classroom environment to support and engage students of higher ability in science lessons. We will link this to Teaching Standard 5 “Adaptive Teaching” on the new ITT Core Content Framework (CCF)/ Early Career Framework (ECF).

We will reflect on the needs of more able students and how they can be challenged in lessons without creating lots of extra workload. There will be time to use some of the strategies discussed to plan activities for your own lessons.

This session will take place on  
**Tuesday 7th December 2021**  
From 4:00 - 5:30pm

at Lampton School, Lampton Avenue, Hounslow TW3 4EP

## MEET THE EXPERT

The London West Alliance is pleased to invite you to an afternoon CPD facilitated by  
**Dr Eleanor Smith**

**Eleanor Smith** is Deputy Subject Lead in Science at Lampton School. She teaches biology, chemistry and physics at KS3 and KS4 and biology at KS5. Eleanor is also the Most Able Coordinator at Lampton School. In this role she looks at provision for more able students in lessons as well as coordinating a range of extra-curricular activities for students.

### Cost:

- ▶ Free to LWA members and membership schools
- ▶ Other schools £45 per delegate and £80 for two delegates

To make enquiries, find out more and book places please contact:  
[LWA@lampton.org.uk](mailto:LWA@lampton.org.uk) *Places are transferable but non-refundable.*
